

Dear Student,

University Health & Wellness Services (UH&WS) strives to provide professional and confidential health care to all students. In order to receive non-urgent nursing care in this office, students who are not 18 years of age, must have a Parent/Guardian Consent form signed and on file in the office of UH&WS.

Please, print the name of the minor and sign the bottom consent form and return it to our office prior to your student's arrival on campus. You may also send it with your student to bring to the office located on Shoe Lane when he/she arrives on campus.

Thank you for taking the time to insure that your student will get the care needed should the occasion arise.

Please contact us if you have any questions or concerns regarding Health & Wellness Services.

Yours in Health,
The UH&WS Staff
